Hi Boys,

Even though we had a depleted side on Sunday, I still thought the end result was disappointing.

Sunday's game was not about who was missing, but about who was going to take on added responsibility and show the leadership qualities required to help cover the players we were missing. Andy Watson was it, with a 100% effort all day, well done Andy. Others with solid performances were Aaryn and Mason. A positive out of the day was the efforts put in by Nathan Vandervlugt, Riley Gorringer-Dennis, Jesse Andrews, Ben McManus and Matt Melnjak who all tried hard for the entire game.

It is obvious that our fitness is an issue and with there only being one training night a week we need to get as many kids on the track as possible.

Let's enjoy the weekend off and come back Sunday with a big win.

John McManus. Assistant Coach.

Goal Kickers: Aaryn Campbell and Kane Stephens, 1 each.
