## DINGLEY 3/5 - 23 BEAUMARIS BLUE 9/14 - 68

Well boys, I am not too sure as to how to respond to last Sunday's game so I will do my best.

Sunday was disappointing to say the least.

The fact of the matter is that we faced a team who realised before the game that their season was on the line and they acted appropriately.

We must now realise that we could drop out of finals contention if we perform again like we did Sunday.

We spoke about the importance of winning the game and where it would place us. Now, we have to face the facts.....if we do not perform as a unit and take the rest of the season with the determination Beaumaris showed us we may have a seasons finish in just a few weeks.

Unfortunately we had too many Dingoes not willing to chase, we gave Beaumaris way too much opportunity to dispose of the ball successfully and when the opportunities presented themselves up forward we didn't work hard enough to score.

We need to STEP UP up to the mark and begin to show the desperation required to make the finals.

I believe we have the talent to play serious finals football but we cannot leave all the work to the few players who give their all every week.

Lets look positively to this week and show our supporters how well we can put one together when we work with the determination to win we know we have!!!!!!!

John Larter - Coach.

**Goal Kickers:** .Harrison Dancaster, Aaryn Campbell and Jack Grange 1 each.
