

## **COLTS MATCH REPORT – RD 10, versus Mordialloc**

With a number of players out it was a good opportunity for extended game time for the team and to see how we coped with some tall targets missing – a 15 goal win against an improved Mordialloc proved that we are a capable team under most circumstances.

Ryan Gordon continued his recent good form as did Sam Williams who kicked 4 goals and successfully filled the void of some of our missing forwards. A terrific game by Lucas Walmsley off half back was highlighted by a last quarter running goal.

Dan Morris, Adam Hickford and Luke Bartholomew were good in the middle and Mark Qauimbo enjoyed some freedom up the ground and used the ball well.

Overall an encouraging performance but one that we need to build on as we tackle Skye this week, hopefully with a few of our injured and unavailable players returning.

Congratulations to Phil Ball who made his senior debut on the weekend and put in a solid performance up forward. Phil is the 5<sup>th</sup> player on our Colts list to taste senior footy – a good sign for the future of our club.
